One of the basic poses in ballet, arabesque takes its name from a form of Moorish ornament. In ballet it is a position of the body, in profile, supported on one leg, which can be straight or demi-plié, with the other leg extended behind and at right angles to it, and the arms held in various harmonious positions creating the longest possible line from the fingertips to the toes.

### **Ballet Dictionary | American Ballet Theatre (ABT)**

Ballet Position Terms. Arabesque (Ah rah besk) - a position on one leg with the other leg raised behind the body and extended in a straight line.. Attitude (ah tea tude) - A variation on the arabesque. The extended leg is raised behind the body but bent at the knee at an angle of 90 degrees. Croisé (quo say) - A dancer stands with legs crossed at an angle to the audience.
