Review of Bloodlines The Terra Nova Chronicles Book 1 Richard Fox and Josh Hayes This is the second book in the Terra Nova Series. The first is Terra Nova. I also read Iron Dragons by Fox. He is a prolific author with a large body of work. I really enjoyed the three I ' ve read. Bloodlines continues the Terra Nova story and we follow the Pathfinder squad as they head into unknown territory seeking an ally to help them in their fight against the Ultari.

**Bloodlines (The Terra Nova Chronicles, #2) by Richard Fox**

Really enjoyable and entertaining sequel to Terra Nova. The story picks up straight away from the previous books which is a nice bonus. In Bloodlines Governor Ken Hale, due to the events in the previous book, is forced to look for potential allies with resources to stave off an attack by the Triumvirate from occurring.

In bloodlines the story really dove into detail of this new Galaxy. And just how wrong the Qa'resh were about it being uninhabited. We discover that the Galaxy just might happen to be at the brink of a galactic War. Also that the colony of Terra Nova may have been set up in someone's proverbial backyard. We end up meeting lots and lots of new species.

Bloodlines, Book 2. Terra Nova broke free of the Ultari tyrants, but the colony ' s struggle to survive has just begun. Governor Ken Hale and his expedition brought technology to the Canis Major galaxy that will change the balance of power forever, and the Ultari will stop at nothing to take it for themselves.

The galactic balance of power tilts, and Terra Nova comes into the cross hairs. After narrowly escaping Diasore's destruction, Kit Carson and her Pathfinders arrive on the Zeis home world to recruit new allies, only to find themselves thrown into an insurrection. Ken Hale is in a race against time to build up his colony's defenses, but when his new soldiers turn up dead, he must enlist the help of a retired assassin to find a deranged killer. The Ultari Empire rekindles under the returned Emperor, and their quest for vengeance will burn worlds across the galaxy...and Terra Nova is the next target. Wings of Redemption is the third action-packed book in the Terra Nova Chronicles, taking readers deeper into a dangerous new galaxy.

Terra Nova broke free of the Ultari tyrants, but the colony's struggle to survive has just begun. Governor Ken Hale and his expedition brought technology to the Canis Major galaxy that will change the balance of power forever, and the Ultari will stop at nothing to take it for themselves. The colony needs allies, and with no other options Hale sends Chief Kit Carson on a first contact mission that will either shield their vulnerable world or invite its swift destruction. This fast-paced sequel to Terra Nova takes readers on an action packed thrill ride of discovery, mystery and strange new worlds.

Terra Nova. The promised world is humanity's new home, safe from the threats of a dangerous galaxy, where veterans of a long war could live in peace. The promise was a lie. Chief Katherine "Kit" Carson, of the elite Pathfinder Corps, joins the mission as a last-minute replacement, hoping to put a spotty past behind her and build a new life on a brave new world. The expedition arrives on Terra Nova, expecting to join the first wave of colonists, instead they find abandoned cities and are soon faced with a new, terrifying enemy humanity has never encountered before. For the colony to survive, Carson must unravel the mystery of her new home and learn the fate of the first mission to settle the planet...

A dire warning. An impending alien invasion. Only one chance for survival. In the near future, an alien probe arrives on Earth with a pivotal mission—determine if humanity has what it takes to survive the impending invasion by a merciless armada. The probe discovers Marc Ibarra, a young inventor, who holds the key to a daring gambit that could save a fraction of Earth's population. Humanity's only chance lies with Ibarra's ability to keep a terrible secret and engineer the planet down the narrow path to survival. Earth will need a fleet. One with a hidden purpose. One strong enough to fight a battle against annihilation. The Ember War is the first installment in an epic military sci-fi series. If you like A Hymn Before Battle by John Ringo and The Last Starship by Vaughn Heppner, then you'll love this explosive adventure with constant thrills and high stakes from cover to cover.

The Battle for Terra Nova rages!The Triumvirate comes to conquer Terra Nova, landing an overwhelming assault by the surface by Netherguard and Ultari warships in orbit, laying siege to the human colony.As the battle grinds on, Governor Ken Hale leads the defenders in a desperate battle for survival. Hoping beyond hope that help will arrive in time to save them. Chief Kit Carson and her Pathfinders, with their new-found allies in tow, race home, praying they make it in time and that their efforts are enough to defeat Emperor Kyrios and his forces. Hale's War is the final installment in the Terra Nova Chronicles which takes readers on a wild ride or war, redemption, and salvation that culminates in this epic conclusion!

Aliens have landed in New York. A deadly cloud of spores has already infected and killed the inhabitants of two worlds. Now the plague is heading for Earth, threatening humans and aliens alike. Can either species be trusted to find the cure? Geneticist Marianne Jenner is immersed in the desperate race to save humanity, yet her family is tearing itself apart. Siblings Elizabeth and Ryan are strident isolationists who agree only that an alien conspiracy is in play. Marianne's youngest, Noah, is a loner addicted to a drug that constantly changes his identity. But between the four Jenners, the course of human history will be forever altered.Earth's most elite scientists have ten months to prevent human extinction—but not everyone is willing to wait.

Nancy Kress returns with If Tomorrow Comes, the sequel of Tomorrow's Kin, part of an all-new hard science fiction trilogy based on a Nebula Award-winning novella Locus 2018 Recommended Reading List i09--28 New SFF Books Worth Checking out in March 2018 Kirkus--18 Science Fiction & Fantasy Books to Read in March 2018 Unbound Worlds--Best SFF Books of March 2018 The Verge-- 15 new science fiction and fantasy books to read this March 2018 Ten years after the Aliens left Earth, humanity succeeds in building a ship, Friendship, to follow them home to Kindred. Aboard are a crew of scientists, diplomats, and a squad of Rangers to protect them. But when the Friendship arrives, they find nothing they expected. No interplanetary culture, no industrial base—and no cure for the spore disease. A timeslip in the apparently instantaneous travel between worlds has occurred and far more than ten years have passed. Once again scientists find themselves in a race against time to save humanity and their kind from a deadly virus while a clock of a different sort runs down on a military solution no less deadly to all. Amid devastation and plague come stories of heroism and sacrifice and of genetic destiny and free choice, with its implicit promise of conscious change. NEW YORK TIMES BEST SELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY: NPR, The New York Times Book Review, Time, Wall Street Journal, Washington Post • The McKinsey Business Book of the Year The full inside story of the breathtaking rise and shocking collapse of Theranos, the one-time multibillion-dollar biotech startup founded by Elizabeth Holmes—now the subject of the HBO documentary The Inventor—by the prize-winning journalist who first broke the story and pursued it to the end. " The story is even crazier than I expected, and I found myself unable to put it down once I started. This book has everything: elaborate scams, corporate intrigue, magazine cover stories, ruined family relationships, and the demise of a company once valued at nearly \$10 billion. " —Bill Gates In 2014, Theranos founder and CEO Elizabeth Holmes was widely seen as the female Steve Jobs: a brilliant Stanford dropout whose startup " unicorn " promised to revolutionize the medical industry with a machine that would make blood testing significantly faster and easier. Backed by investors such as Larry Ellison and Tim Draper, Theranos sold shares in a fundraising round that valued the company at more than \$9 billion, putting Holmes ' s worth at an estimated \$4.7 billion. There was just one problem: The technology didn ' t work. A riveting story of the biggest corporate fraud since Enron, a tale of ambition and hubris set amid the bold promises of Silicon Valley.

The ancient vampire Lord Harroven wakes from his tomb to find the slayers pounding at his door and driving stakes through the hearts of his beautiful undead brides. His castle in ruins, he must flee into the storm with only his lovely young Anna and dreams of brutal revenge to keep him warm. Driven by rage, thirst, and an insatiable lust for women, Harroven finds himself caught up in a war of men, demons, and gods... and one rather delicious she-elf.Enter a world of magic, sex, and violence with a cocksure vampire lord as your guide!
