A lot of people think that tapping into psychic ability is all about voodoo, witchcraft, or a belief in something supernatural. However, that's not at all an accurate depiction of what it really is. Psychic ability is largely about believing in the power of the mind and the power to be in control of your own destiny. It's about the constant and unerring search for truth through the use of your very own intuition and self-guidance system. This goes right back to the very root of what intuition is, which is simply learning to follow your own truth by trusting your gut instincts. This book is designed to help you develop your intuition and refine your psychic abilities. We're also going to talk a little bit about mind reading, which is really just another way of tapping into your intuition and psychic abilities when it comes to reading other people. So if you're ready to make some serious progress in discovering the inner psychic that already exists within yourself, then let's get started!
