The Mises Institute is thrilled to bring back this popular guide to ridiculous economic policy from the ancient world to modern times. This outstanding history illustrates the utter futility of fighting the market process through legislation. It always uses despotic measures to yield socially catastrophic results. It covers the ancient world, the Roman Republic and Empire, Medieval Europe, the first centuries of the U.S. and Canada, the French Revolution, the 19th century, World Wars I and II, the Nazis, the Soviets, postwar rent control, and the 1970s. It also includes a very helpful conclusion spelling out the theory of wage and price controls. This book is a treasure, and super entertaining!

The day Captain Beth Castle put on the U.S. Marine Corps uniform, she made a vow to protect her country and its citizens. It was a vow she knew she'd uphold for life, but nothing prepared her for what she faced in the Tinajas Mountains east of Yuma, Arizona. While inspecting Aid Relief Stations along the Arizona/Mexico border, an ancient myth she'd learned growing up on the Navajo Reservation comes to life. A hostile encounter with a strange group of men triggers a change in her body and Spirit. When she goes to her family for help, Beth discovers the horrible truth -- the myths she'd learned were real...aliens were real. Now Beth's involved in an epic battle between good and evil -- a battle that could cost her everything she holds dear, including her family and the man she loves.

Evanna Amaranthine, a ruthless, 600 year old vampire, has a new assignment: to leave the walls of Benajah, her beloved vampire guild, enter the realm of humans to stalk down her prey, Rian Delmar, and kill him. At first, the prospect of being around humans any longer than the time it takes to drain them repulses Evanna, but after moving in with her new human-loving vampire housemate, she soon becomes hopelessly entangled with Messiah Scarborough, his strikingly good-looking artist friend. When dreams of a past life begin to plague her as she continues her crusade, can she control emotions that threaten to overwhelm her? Filled with fast-paced action and steeped in suspense, Benajah's Keeper by Aeryn Dougan is an urban fantasy that will capture readers' hearts as it addresses the significance of family, fate, and loyalty. Dramatic, gritty, and deeply passionate, this unique take on the vampire legend will definitely leave you wanting more.

The Earth is at a crossroads. Adrian Miller, one-time ruler of the modern world, reviled by many, is presumed dead. But in truth, he is quite lost, trapped on an alien world. Now finding himself with a second chance, he takes the opportunity to try and reconcile with his past, build a new future. But it soon becomes apparent that far more than his conscience is at stake if he can't. Henry Forman, beloved hero and brilliant engineer, has his new life with the woman he loves ripped swiftly out from under him before it begins. A crisis of unprecedented scale emerges. He must rise to face this challenge, as there aren't many others who will. And yet, he doubts that he can do enough to make a difference this time. Both must race against the clock if they are to rediscover who they really are, and save all of humanity from a terrible fate. Destiny may have stitched their lives in place, but strings can sometimes unravel.
