This edition continues its strong research orientation and solid theoretical underpinnings. The general theme of the sixth edition is dynamic engagement - a broad term that captures the essence of change confronting future managers, and current thinking on what they will need to succeed. The material presented revolves around the themes of ethics, globalization, entrepreneurship and small businesses, cultural diversity, and quality. This work is appropriate for students following courses in the Principles of Management.

The landmark project management reference, now in a new edition Now in a Tenth Edition, this industry-leading project management "bible" aligns its streamlined approach to the latest release of the Project Management Institute's Project Management Body of Knowledge (PMI®'s PMBOK® Guide), the new mandatory source of training for the Project Management Professional (PMP®) Certification Exam. This outstanding edition gives students and professionals a profound understanding of project management with insights from one of the best-known and respected authorities on the subject. From the intricate framework of organizational behavior and structure that can determine project success to the planning, scheduling, and controlling processes vital to effective project management, the new edition thoroughly covers every key component of the subject. This Tenth Edition features: New sections on scope changes, exiting a project, collective belief, and managing virtual teams More than twenty-five case studies, including a new case on the Iridium Project covering all aspects of project management 400 discussion questions More than 125 multiple-choice

questions (PMI, PMBOK, PMP, and Project Management Professional are registered marks of the Project Management Institute, Inc.)

Uniquely organized around the AONE competencies, this trusted resource gives you an easy-to-understand, in-depth look at today's most prevalent nursing leadership and management topics. Coverage features the most up-to-date, research-based blend of practice and theory related to topics such as: the nursing professional's role in law and ethics, staffing and scheduling, delegation, cultural considerations, care management, human resources, outcomes management, safe work environments, preventing employee injury, and time and stress management. UNIQUE! Chapters divided according to AONE competencies for nurse leaders, managers, and executives. Research Notes in each chapter summarize relevant nursing leadership and management studies and highlight practical applications of research findings. Case Studies at the end of each chapter present real-world leadership and management situations and illustrate how key concepts can be applied to actual practice. Critical Thinking Questions at the end of each chapter present clinical situations followed by critical thinking questions to help you reflect on chapter content, critically analyze the information, and apply it to the situation. NEW! Full-color design makes content more vivid and realistic. NEW! Chapter on Communication and Care Coordination covers these integral topics. NEW! Updates to critical thinking exercises, case studies, research notes, and references offer the most current information. NEW! Updated sections on Current Issues and Trends reflect the latest topics in the field. NEW! Relevant Web Sites boxes provide authoritative resources for additional research.

After 22 years of marriage, my husband says he doesn't love me anymore. Friends suggest a marriage counselor, but why should I sit in counseling to figure out five years from now-five years older with five more pounds on my ass-that this is not going to work? I pack my car and leave my home in North Carolina for Florida, where I don't know anyone. At first, I rent a room in the house of a divorced man, only to discover he is on house arrest! That same week I meet adventure-seeking, live-in-the-moment Leo. Sharing insane chemistry and a to-hell-with-tomorrow philosophy, we dine, drink, laugh, and end up on impulsive trips to Miami, Key West, St.Thomas, and San Juan. Caught up in a whirlwind romance, I've lost touch with everyone I once knew. All the while, Leo becomes increasingly possessive, questioning my every move. My life is spinning out of control. How did a conservative, middle class mom end up on this crazy journey- and where will it all end?

BWPBK This textbook is designed for the first undergraduate course in financial management. It offers comprehensive coverage of the basics that tomorrow's financial managers will need to know. Emphasis is on authentically putting management into "financial management." The authors include attention to the issues of sustainability and social justice throughout the book.

Jay, your average stoner from Portland Oregon, finds out when he's twenty-one that he is Jesus, the son of God. This may have been a good thing if it weren't for the fact that he had been molested early in life by a Catholic Priest. It is a comic and tragic tale of reincarnated Disciples, and a difficult choice on whether the world is worth saving. Jay grows up thinking he's a normal kid. Through a series of hilarious and heartbreaking adventures, he finally learns of his true identity, long after he was supposed to. His reincarnated disciples are a mixture of loveable and misunderstood characters that join Jay on a journey across the Country that leads them to Elvis, Oprah, jail, and near death experiences. And when Jay becomes too big for the Church to control, they confront a situation that could very well destroy the world.
