How do today ' s most successful tech companies—Amazon, Google, Facebook, Netflix, Tesla—design, develop, and deploy the products that have earned the love of literally billions of people around the world? Perhaps surprisingly, they do it very differently than the vast majority of tech companies. In INSPIRED, technology product management thought leader Marty Cagan provides readers with a master class in how to structure and staff a vibrant and successful product organization, and how to discover and deliver technology products that your customers will love—and that will work for your business. With sections on assembling the right people and skillsets, discovering the right product, embracing an effective yet lightweight process, and creating a strong product culture, readers can take the information they learn and immediately leverage it within their own organizations—dramatically improving their own product efforts. Whether you ' re an early stage startup working to get to product/market fit, or a growth-stage company working to scale your product organization, or a large, long-established company trying to regain your ability to consistently deliver new value for your customers, INSPIRED will take you and your product organization to a new level of customer engagement, consistent innovation, and business success. Filled with the author ' s own personal stories—and profiles of some of today ' s most-successful product managers and technology-powered product companies, including Adobe, Apple, BBC, Google, Microsoft, and Netflix—INSPIRED will show you how to turn up the dial of your own product efforts, creating technology products your customers love. The first edition of INSPIRED, published ten years ago, established itself as the primary reference for technology product managers, and can be found on the shelves of nearly every successful technology product company worldwide. This thoroughly updated second edition shares the same objective of being the most valuable resource for technology product managers, yet it is completely new—sharing the latest practices and techniques of today ' s most-successful tech product companies, and the men and women behind every great product.

What do you call the difference between what you should feel and what you do feel? Life? The blackout has been going on for three weeks. But Alex feels like she ' s been living in the dark for a year, ever since her brother, who has autism, was removed from the house, something Alex blames herself for. So when her best friend, Anthony, asks her to trek to another town to figure out the truth about the blackout, Alex says yes. On a journey that ultimately takes all day and night, Alex ' s relationships with Anthony, her brother, and herself will transform in ways that change them all forever. In this honest and gripping young adult novel, Andrew Simonet spins a propulsive tale about what it means to turn on the lights and look at what ' s real.

My Super Family is a book about a six-year-old boy whose parents are divorced and live in separate homes. Cory explores the normal feelings and questions children have when parents separate or divorce. This charming story answers questions, explores feelings, and helps children of blended families understand what matters most-that they are loved!

A late-in-life coming-of-age escapade told with humor and heart, Don ' t Think Twice is a moving and irreverent account of grief, growing up, and the healing power of adventure. Within six months, Barbara Schoichet lost everything: her job, her girlfriend of six years, and her mother to pancreatic cancer. Her life stripped bare, and armed with nothing but a death wish and a ton of attitude, Barbara pursues an unlikely method of coping. At the age of fifty she earns her motorcycle license, buys a Harley on eBay from two guys named Dave, and drives it alone from New York to Los Angeles on a circuitous trek loosely guided by her H.O.G. tour book and a whole lot of road whimsy. On the open highway—where she daily takes her speed to a hundred—Barbara battles physical limitations and inner demons on a journey that flows through the majestic Appalachian Mountains, the enchanting Turquoise Trail, and all along America ' s iconic Route 66. She is awed by the battlefields in Gettysburg, stunned by the decadence of Graceland, and amused by a Cadillac graveyard in the middle of nowhere. She meets kind strangers, odd strangers, and a guy who pulls a gun on her for cutting him off. She is vulnerable but sassy, broken but determined to heal . . . or die trying.

Five year old Carter, gives the reader a walk through his life and the life of his friends who are in blended/step families. My Blended Family, will inspire children who are transitioning between two homes, and assist children in understanding their new family structure.

Poetic prose describes dusk and dawn and some of the activities that take place at those special times.

Striking a perfect balance between heartfelt emotions and spot-on humor, this debut features a pop-culture enthusiast protagonist with an unforgettable voice sure to resonate with readers. Alice had her whole summer planned. Nonstop all-you-can-eat buffets while marathoning her favorite TV shows (best friends totally included) with the smallest dash of adulthood—working at the library to pay her share of the rent. The only thing missing from her perfect plan? Her girlfriend (who ended things when Alice confessed she's asexual). Alice is done with dating—no thank you, do not pass go, stick a fork in her, done. But then Alice meets Takumi and she can ' t stop thinking about him or the rom com-grade romance feels she did not ask for (uncertainty, butterflies, and swoons, oh my!). When her blissful summer takes an unexpected turn and Takumi becomes her knight with a shiny library-employee badge (close enough), Alice has to decide if she ' s willing to risk their friendship for a love that might not be reciprocated—or understood. Claire Kann ' s debut novel Let ' s Talk About Love, chosen by readers like you for Macmillan's young adult imprint Swoon Reads, gracefully explores the struggle with emerging adulthood and the complicated line between friendship and what it might mean to be something more. Praise for Let ' s Talk About Love from the Swoon Reads community: " A sweet and beautiful journey about self-discovery and identity! " —Macy Filia, reader on SwoonReads.com " There aren't many novels that have asexual characters and it's something people need more of. " —Alice, reader on SwoonReads.com " I want this on my shelf where I can admire it every day. " —Kiara, reader on SwoonReads.com

Sex, drugs, & Rock'n Roll. Those are the immortal words, photographer, Ed Brockton hates. Those are the words his girlfriend, Evelyn Winthrop lives by. Set in Oxford, England in 1987, Ed and Evelyn are having problems with their relationship. He wants no reminders of her past and disregards her singing career. Evelyn on the other hand, a free-spirit, wants more out of her relationship with her boyfriend of six years. Not satisfied by her latest recording sessions for Hero's Requiem, Evelyn sets forth to make her music right and places her relationship with Ed on the back burner. Along the way, something from her past appears once more. It's something Ed never knew about and can't erase. Now, it's re-entered her life in a big way and delivers what Ed could never give her.
