Most of them are literary classics, like The Great Gatsby, A Tale of Two Cities, Crime and Punishment, etc.

### For Igcse Algebra Wordpress

Algebra This is one of the widest topics in this syllabus and deals with the variables (e.g- x,y, a,b). You are usually asked to find the values of these variables by solving the equations. Generally, there are coefficients accompanying them. It is the most important topic and if you have aced this, we bet you...

### Algebra - IGCSE Int. Mathematics 0607

IGCSE ALGEBRA TIPS FOR WRITING ALGEBRA We write  $2x$  instead of  $2 \times x$  to mean 'two lots of x' or  $x \times x$ . We leave out the times symbol because it might get confused with x. We write  $x^2$  instead of  $x \times x$  or  $x \times x$  to mean 'x times itself'. Using indices is clearer and quicker once we get to  $x^9$  instead of  $x \times x \times x \times x \times x \times x \times x \times x \times x$  ... If you're multiplying a whole load of numbers and letters, remember:

It is a subject under the Cambridge IGCSE educational program for high school students (grade 9 and 10). It's content is similar to most boards, except for a few topics which might seem a bit more complex. It is a very helpful subject and could really help set a base for mathematics for the rest of high school and college.
